

Village Farms, one of the largest producers of premium quality greenhouse tomatoes, bell peppers and cucumbers in North America is searching for an Assistant Facility Manager/Grower to work at our Delta, BC location.

**Job Description:**

The Assistant Facility Manager/Grower is directly responsible for section(s) of the greenhouse while assisting the Regional Facility Manager in all phases of greenhouse operations including supervision and training of staff

**Job Functions:**

- Management of all environmental, irrigation, fertilization and waste water controls
- Communicate with senior management on all aspects of the greenhouse
- Oversee bee and biological control programs
- Perform quality checks
- Preparation and tracking of production costs
- Labour force cost management against budget
- Must be flexible in schedule to work on-call evenings and weekends as needed. May be required to provide emergency response coverage
- Other jobs as required

**Requirements:**

- Bachelor Degree in Horticulture or related field
- Minimum three (3) years experience in greenhouse management
- Prior experience using environmental software
- Must have good command of the English language, both oral and written; Spanish is an asset.
- Excellent computer skills, including Microsoft Word and Excel
- Strong math skills
- Strong observation skills

Please send cover letter and resume to [jobscanada@villagefarms.com](mailto:jobscanada@villagefarms.com) or by fax to 604-398-3006. Thank you for your interest; however only those selected for an interview will be contacted.
